

# **the 1<sup>ST</sup> Congress in Middle East North Africa region of Clinical Microbiology and Infectious disease**

## **the 34<sup>TH</sup> National congress of Tunisian Society of Infectious Disease**

### **CONGRESS ANNOUNCEMENT**

Dear colleagues,

The Tunisian Society of Infectious Diseases, in collaboration with the WHO and in partnership with prestigious learned societies, is organising **the 1<sup>st</sup> congress of clinical microbiology and infectious diseases in the Middle East and North Africa** and its 34<sup>th</sup> national congress of infectious diseases. The congress will be held at the Russelior Hammamet Hotel in **Tunisia on May, 22<sup>th</sup>, 23<sup>th</sup> and 24<sup>th</sup>, 2025**. The congress will feature plenary sessions, workshops and poster presentations and will cover various aspects of bacteriology, virology, parasito-mycology and infectious diseases ; including :

- Bacterial resistance
- Artificial intelligence and health
- Antimicrobial Stewardship
- Tuberculosis
- Environnemental changes and communicable diseases
- Phage therapy
- Emergent viruses
- Fungal infections
- Vaccination
- Infective endocardites

Abstract submission is open from January, 6<sup>th</sup>, 2025 to february, 28<sup>th</sup>, 2025. Abstracts may be submitted in French or English. Recommendations to authors are available on the website. Notifications will be communicated starting from April, 15<sup>th</sup>, 2025. To take part in the congress, you must register on the STPI website at [www.infectiologie.org.tn](http://www.infectiologie.org.tn).

This event will certainly provide an excellent opportunity for healthcare professionals in Tunisia and the MENA region to meet up and discuss the latest advances in microbiology and infectious diseases.

For more information, please visit [www.infectiologie.org.tn](http://www.infectiologie.org.tn).

Looking forward to seeing many of you participate.

Sincerely
